**Where Faith Meets Education**

**Teacher Bio:**

I am a wife of 17 years. I met my husband, Dan, while serving in The US Air Force where I served 5 years. After meeting my Dan, I knew I wanted to be a wife and mother. Dan retired and I chose not to reenlist. We moved to Houston in 2000 where I took a job as a computer systems engineer for Compaq Computers. After the birth of our first child, I quit work and have been home since. I have been homeschooling for 8 years. I have a 14 year old daughter, 9 year old daughter, and a 1 year old son. This will be my fourth year at HT. I absolutely love teaching these beautiful kiddos. I have followed my 9 year old for the last 3 years. I love relearning Science with them and look forward to teaching them again!
